**L: Read the passage and answer the questions:**

There are several types of dictionaries for instance: general Dic which explains the meanings of general words, technical Dic which explain the meanings of technical words, biography one which tells about famous people, and learner's Dic which is designed for foreign students, has more usage examples & clear simple definitions. Glossary is a brief list of the words with their meaning, at the end of books. It is necessary to first identify your needs. Without choosing the right one, you cannot meet your needs. **Regarding** the level there are usually three stages: elementary, intermediate & advanced. For high school students, an elementary one is OK. The first monolingual Persian Dic which is still published was compiled more than 900 years ago. Loghat-e Fors was made by Asadi Tusi who was a famous poet in the 5 century, the **inventory** of entries has been arranged according to the final characters of the words. There are example sentences which were taken from poetry. This Dic is an invaluable treasure of Persian language.
