بارم	صفحه سوم	متن سوال زبان یازدهم	ردیف
4	<p>ر - متن زیر را بخوانید و به سوالات پاسخ دهید.</p> <p>In many countries, people know more than one language. Knowing different languages may help people have a better future in their education and job and have a nice understanding of foreigners living around the world. For example, Indians should know English besides their mother tongue if they want to study at university or have a good job.</p> <p>If someone knows just one language, he is called a "monolingual" and if he knows two languages, he is a "bilingual". Despite learning a foreign language is not easy, there are more than one billion bilinguals around the world that their second language varies according to their needs and interests. That is why children learn a foreign language just from the elementary school. Scientists believe that a child can learn a language as quickly as possible, so it's better to learn a new language when you are young.</p> <ol style="list-style-type: none"> 1. Is knowing different languages useful? Why? 2. Indians should know besides their native language. 3. A person who knows one language is called a 4. Bilingual is a person who knows two languages. (True - False) 5. Scientists say that adults can learn a foreign language better than children. (True - False) 6. Which word in paragraph 2 means "without taking any notice of"? 7. People can learn different languages according to their..... . a. societies b. universities c. schools d. interests and needs 	<p>12</p>
