One of the best things you can do for your body is doing exercise. People exercise to keep healthy. They also exercise to lose weight. Doing exercise can be fun and make you feel good. But how much is enough ? people think doing simple things like cleaning the house are helpful and enough. Other people do heavy exercise such as running or swimming. One thing scientists agree on is that any kind of exercise is good for you.

Having a healthy diet can help improve people 's health condition too. You should eat foods like fresh fruits and vegetables each day. Try not eat junk food such as candy , potato chips and soda. **They** are not good for your health because they contain high amounts of fat or sugar.
