13

B: Read the passage and answer the questions.

Children and teenagers who regularly drink soft drinks and other sweetened drinks are more likely to be overweight . Drinking water instead of sweetened drinks also prevent dental problems , while the fluoride found in tap water can help strengthen teeth and bones . Milk is a nutrition drink for kids and teens and great source of calcium , which is important for growing strong bones and teeth .

Giving kids and teens whole fruit to eat is a better choice than offering fruit juice to drink. While whole fruits have some natural sugar , which make it taste sweet , it also has lots of vitamins , minerals and fiber . So , I think drink water is the best way to quench your thirst . Even better , it doesn't come with all the sugar and energy found in fruit juice .

36. What is the best topic for this passage ?

- a. choose water as a drink b. choose milk as a drink c. choose juice as a drink

37. Eating fruit is better than eating juice . T/F

38. What prevents dental problems in children ?

39) What is the best drink?

GOOD LUCK
