۲.۵	<p><b>Reading</b> <b>Read the passage and answer the questions.</b></p> <p>Smaller cars may someday take the place of today's big automobiles. If everyone driver in the future, there will be fewer problems in cities. There will be more space for parking cars in cities, drive, and the streets will be less crowded. The little cars will cost much less to own and to drive. Driving will be safer, too, as these little cars can go only 65 kilometers per hour. The cars of the future will be fine for getting around a city, but they will not be useful for trips. If the car uses electricity, it will have two batteries: one battery for the engine and one for the other parts. Little cars which use gasoline will go 450 kilometers before needing to stop for more gasoline,</p> <p><b>۳۷. According to the passage, why is it better to have one of these small cars?</b>  ۱) They need two batteries.                      ۲) They are too fast.  ۳) They are less dangerous.                      ۴) They can go ۴۵۰ kilometers per hour,</p> <p><b>۳۸. What will happen if we use these small cars?</b>  ۱) We won't need electricity.                      ۲) We will have fewer accidents.  ۳) We will have more crowded streets.                      ۴) We won't need any parking spaces.</p> <p><b>۳۹. What are these small cars good for?</b>  ۱) Long trips                                      ۲) Using electricity  ۳) Using gasoline                                  ۴) Driving in large cities</p> <p><b>۴۰. How can we have fewer problems in big cities, according to the passage?</b>  ۱) By making smaller cars                      ۲) By using electricity  ۳) By using less gasoline                      ۴) By parking our cars in convenient places</p> <p><b>۴۱. Which sentence is NOT true about these small cars?</b>  ۱) They don't cost more than today's cars.  ۲) They use electricity or gasoline.  ۳) They can travel long distances.  ۴) They may someday be used instead of big cars.</p>	۱۳
