M: Read the passage and answer the questions as wanted.(4)

As a technology television has different effects on its viewers. The educational effect of TV on children are very great. Children learn many things from TV. They may learn how to draw, play, read, behave and write. Also, they learn how to face the problems of the society in which they live. They learn the people's social behavior. TV may have bad effects, too. Full actions on the films may make them depressed or aggressive.

But cartoons, comedies, talk show and sport programs may be useful for them. TV should fill the children's free time effectively. They will enjoy watching TV if it prepares good programs.

(viewer= watcher)

36. What can TV teach children?

.....
