Language is a system of communication. It uses written and spoken forms. People use language to communicate with each other in a society. They exchange knowledge, belief, wishes, and feelings through it. It is not surprising to hear that today about 7000 languages exist in the world. The 548 languages with fewer than 99 speakers make up nearly 8 percent of the world′s languages. We call them endangered languages. As the speakers of such languages grow old and die, their languages will die, too.
