## B- Reading:

### Passage (1): (3 Ps)

Once there was a prince, called Morgan, who lived in a big house in a green valley. He had a baby son and a dog called Gelert.

One day the prince left the house to go hunting, leaving the dog to take care of the baby. After some time, two hungry wolves came out of the dark jungle and ran towards the house. Gelert saw them and hid the baby under a bed. Then he bravely ran outside and started to fight the wolves. He killed them, but he was badly hurt himself. After that he was so tired that he fell asleep. After some time the prince returned and saw the dog covered in blood. He saw his little son's bed was empty and thought Gelert had killed him. So he took his knife and killed the dog. Then he heard the baby cry and found him under the bed. Through the window he saw the two dead wolves. When he understood what had happened, he started crying.

1- The prince didn't take the dog with himself because he needed someone to -----.

- a) fight the wolves                       b) help him with hunting  
 c) look after his son                       d) take care of the house

2- If the prince had heard the baby cry sooner, he wouldn't have -----.

- a) fought the wolves                       b) killed the dog  
 c) left him alone                               d) understood the truth

3- The underlined word "That" in line 6 refers to -----.

- a) being tired     b) falling sleep     c) killing the wolves     d) hurting himself

4- In line five, "He" refers to -----.

5- Why did the dog hide the baby? -----

6- Why did the prince start crying? -----

### Passage (2): Read the passage and answer the questions. (2 Ps)

Experts say the food people eat greatly affects their health. They say that some foods are especially good for preventing disease. Fish that contain omega three fatty acids help prevent heart attack. Omega three also lowers bad cholesterol and may protect brain cells from diseases like Alzheimer's. Fish that provide a lot of omega three acids are salmon, herring, mackerel and bluefish. Studies show that drinking green tea may help prevent cancer of the liver and stomach. Green tea also slows the growth of bacteria in the mouth. Eating too much chocolate can increase weight. But recent studies have shown that chocolate can help prevent heart attacks and cancer. They have also shown that chocolate is not as bad for the teeth as had been thought. The experts say the best chocolate to eat is the dark kind because it contains the most healthful materials.

7- Eating chocolate has no good effects on our health.                       True                       False

8- People can reduce heart attacks by eating foods like fish.                       True                       False

9- What does good food do for us? -----

10- Why is it good to drink green tea? -----

6- Speaking Questions: Answer the following questions in full sentences. (2 Marks)

1- What are some important elements that make the culture of a nation?

2- What are some negative physical and emotional effects of modern technology?

"Great people are not born great. They grow great, through discipline, honor and grit."
