C: Read this passage and find the answer to become familiar with Edison. (4 p.)

Thomas Alva Edison was probably the greatest inventor who ever lived, though at school he never did really well. In fact, he went to the bottom of his class and stayed at the bottom for three months. Shortly after, at the age of 12, he left school and never went back! His first job was selling newspapers on trains, and later, at the age of 16, he got a job working in a telegraph office. After some years, Edison became famous and so rich. Most people regard him as a genius. Edison worked hard all his life, often working all night in his laboratory, and would not come home for days at a time.

Edison married his first wife, Mary Stilwell, when he was 24. She was only 16 at the time. Mary died when Edison was 37 years old and two years later he married his second wife, Mina Miller. Edison continued to work and invent till he was over 70, often working 16 hours a day! During his long life Edison made 1300 inventions. Edison died on October 18, 1931, at the age of 84. America and the world mourned his passing.

Answer the questions completely:
