11. Read the following text and answer the question.(3)

Persian zebra is a large animal that belongs to the horse family. It is similar to a donkey but a little larger in size. It is an endangered animal. You can find it on the desert plain of Iran. Tooran is the natural home of the Persian zebra. It lives up to 40 years. Just a few of these zebras are left alive, about 500, because people are destroying their natural homes and are changing them to roads and fields. So, they move to new places but they can't find enough food there. In some areas, cows and sheep destroy the plants on the plains and don't leave any food for the zebras, and then some of them die of hunger. Wolves and leopards are the natural hunters of Persian zebra but most of them are hunted by humans, not by these wild animals!
