This will help you show the locals you are trying. A phrase book can help, but remember that you will not necessarily understand the answer you get.

Write down names of cities, the hotel you chose, and any attractions you are planning on visiting. If you have it written down, it helps to show a taxi driver or someone that you are asking for directions.

Remember that English is the international language of travel. Sometimes signs at tourist attractions are even written in both the local language and English. If you are traveling to popular tourist destinations, you will find locals who can speak a few basic words of English. But when you speak to them, remember to speak slowly and clearly (NOT louder) and use simple vocabulary. Knowing a few key words and phrases can help make yourself understood and understand others.
