Before the Internet, people usually played computer games at home, either alone or with a few friends. The Internet is now fast and cheap, and computer gaming is changing. With a computer connected to the Internet, people around the world can play their favorite games together.

There are many kinds of on-line computer games. Some are for playing sports, chess, and other traditional games. Others are "role playing" games, in which each player becomes a character in an on-line world. On-line computer gaming is a fast-growing business with a very exciting future. And it's a lot of fun!

17 According to the passage,

(4) dangerous

Passage 2:

Mr. and Mrs. Mills had two small children. One of them was six and the other was four. They disliked going to bed early in the evening and insisted on staying up late. Mrs Mills was unhappy about this. Mr Mills came home when Mrs Mills forced the children to sleep and she was actually tired of this. Mr Mills was not at home then to help her expect at weekends.

Mr Mills thought he was a good story teller but the way he told stories was really bad. But he decided that if he told children stories when they went to bed, it would help them relax and little by little they would go to sleep.

He did this every Saturday and Sunday night until he heard his small son saying to his small sister, "Do you think he will stop telling the story if we close our eyes?"

(28) Mrs Mills was not happy because her children didn't like

(1) sleeping in the evening
