K. Read the following passage and answer the questions. (۲)

Do you know that polar bears are endangered? What does that mean exactly? Endangered means there are very few of that kind still alive. Someday they may become extinct. You may ask yourself what people can do to help endangered animals. People can protect plants and animals from becoming extinct or endangered. One way is to protect the natural homes of plants and animals.

When humans cut down trees in forests and build homes or factories instead, the animals will have no place to live. Some living things can find new homes when humans destroy or change their natural homes. Other living things can't find new homes. They will die.

۴۱. According to the passage, which one is True?

- We can find a lot of polar bears in the world.
- People can't do anything to help the polar bears.
- There may be no polar bear in the future.

۴۲. The phrase "become extinct" in paragraph ۱ means : _____.

- turn down
- die out
- become dangerous
- be alive
