

1	Grammar	4				
	Choose the best answer.					
	13.Reza is (younger than/the youngest) player in the team.					
	14. The bed is hard ,but it is ( the best / better) than nothing.					
	15. Next year I (make / will make) a new house.					
	<b>16</b> . They ( are going to buy /will buy ) a house soon. They have enough					
	money.					
2	Choose the best answer.	5				
	47 Time is free teninkt. Ohe					
	17. Tina is free tonight. She to read some poems.					
	a .is going b. will go c. goes d. would go					
	18. I bought a ball for my son yesterday.					
	a. beautiful white plasticb. beautiful white plasticc. beautiful white plasticd. plastic beautiful white					
	19. When you keep nature clean and safe, the animals will live					
	a. long b. as long c. longer d. longest					
	20.Ali is 160 centimeters, Mina is 160 centimeters. Ali is					
	Mina.					
	a) as short b) as short as c) short d) shorter than					
1		6				
	Make Wh-guestions.					
	Maryam will study her lessons in the library this afternoon.					
	21? (will study)					
	22? (this afternoon)					
2						
	Writing	7				
	Read the following sentences and choose the best option.					
	23 This is a low( mountain /mountains).					
	24. I saw two (wolves /wolf) in the zoo.					
	25. That young (women/woman) is sitting on the chair .					
	26. Some (person / people) do not take care of animals					
1	Unscramble the given words.	8				
-	<b>27.</b> The weather is beautiful in the(psnrgi)	Ŭ				
	<b>28.</b> Ants are(iaagnmz) animals .					
		0				
n	There are some mistakes in the text bellow, find and correct them. (2)	9				
2						
2	The Persian gulf is a very important sea between Iran and some arab Countries.					
2	Its Wildlife is interesting. You can see some beautiful sea animals such as Dolphins					
2

'CO' stands for corona, 'U' for virus, and 'D' for disease.Symptoms can include fever, cough and shortness of breath. In more <u>severe</u> cases, infection can cause breathing difficulties. Some symptoms are similar to the flu (influenza) or the common cold, which are a lot more common than COVID-19. This is why testing is required to confirm if someone has COVID-19. The virus is transmitted through direct contact with respiratory droplets of an infected person (generated through coughing and sneezing). Individuals can also be infected from and touching surfaces contaminated with the virus and touching their face (e.g., eyes, nose, mouth). It is easy to take care of ourselves by doing some easy actions: <ul> <li>✓ staying home when sick; ✓ covering mouth and nose with flexed elbow or tissue when coughing or sneezing. Dispose of used tissue immediately; ✓ washing hands often with soap and water; and </li> <li>✓ cleaning frequently touched surfaces and objects.</li> <li>A.
