Reading Comprehension :

For most people , newspapers are valuable as carriers of news . They are valuable for other reasons too . With their wide variety of text- types and language styles , newspapers are a good basis for language study . They are sources of language which you will not find in conventional language learning materials and which will help you to be familiar with and use many different communicative skills .

Newspapers also help you to share ideas and to understand cultural values , and the great variety of information in them makes **them** interesting to work with . Furthermore if you don't work with newspaper samples during your language studies , you will be badly prepared to manage them when you live or travel in an English speaking country , such as Great Britain and the United States .

It is important for you to get into the " newspaper habit " by reading of an English language newspaper on a regular basis . If you are unable to buy one , It will be often be possible for you to read English newspapers in a school , college or a city library . Regular reading will help you to understand recent news events more clearly and recognize differences in life-styles . I hope that , at the very least , this article will encourage you to adopt ( get ) the newspaper habit .
