Why is it important to care for our elders? I think first of all, we need to remember that they are our mothers and fathers, and our first teachers. They teach us how to love, how to care, how to forgive, and how to accept. Second, elders have more knowledge and wisdom than any of us. They have come so far and they've learned o much, we have a responsibility to learn from that wisdom. But the most important thing is their experience. We may or may not know all the ups and downs they have faced in life, but they've gained experience that is worth respecting and learning from. Our elders may hide much pain from us, because they don't want us to eel the pain. The least we can do is appreciate them for all they've gone through and learn from their insight nto situations.
