<p>۴ نمره</p>	<p>K: متن زیر را بخوانید سپس به سوالات آن پاسخ دهید.                      Language is a system of sounds, gestures, or characters for communicating among people in the world . People use language to communicate with each other. They exchange knowledge, beliefs, wishes, and feeling through <u>it</u>. Deaf and dumb people around the world use gestures and body movement to express their ideas. Languages are always changing, but, they change very slowly. People invent new words for their language, <u>borrow</u> words from other languages, and change the meaning of the words as needed. The most popular language in the world is Chinese. More than one billion people in the world speak Chinese. Interestingly, English has fewer native speakers than Chinese, but there are about one billion learners of English all around the world.                      All languages are really valuable.it is impossible to imagine the world without language. Therefore, we should like all languages, no matter how different they are and how many speakers they have.                      1.Do languages change very rapidly? -----                      2.Which language has the most native speakers? -----                      3.In the line 3,the pronoun “it” refers to -----                      a. people                      b. language                      c. word                      d. system                      4. 4.In the line 3, the word “dumb” refers to people who are not able to -----                      a. walk                      b. see                      c. write                      d. talk                      5. What’s the antonym of the word “borrow” in the second paragraph?                      a. lend                      b. sell                      c. create                      d. escape  <b>True or False</b>                      6. Russian is the most well-known language in the world                      True                      False                      7. according to passage, we should respect only our own language                      True                      False</p>
